Welcome,

Thank you for being part of the inaugural Southwest Audio Fest. Our first show literally took over two years of preparation and negotiations, including visiting venues, talking to vendors and doing plenty of soul searching! Like CAF and PAF, we will bring you the same quality experience including great vendors, amazing gear, and great live music all rolled up in the amazing Anatole Hotel. SWAF is a fun event for all and encourages the friendships and camaraderie of the audiophile community like the great shows from years ago.

While you are here be sure to visit the galleries, restaurants, grounds and even venture into the surrounding neighborhood and you will see why we are here. We are starting as a modest regional show, yet you can be sure SWAF is here for the long haul and will soon grow to be a full Texas-sized show.

We thank you for being a part of our audio family.

Musically Yours,

Gary Gill and Lou Hinkley

SATURDAY 7pm-9pm

The Last City is an Indie Chamber Pop band out of Dallas that combines classical violin, folk-rock arrangements, and pop melodies. The Last City began in 2012 while Adrien and Lizbet Palmer were living abroad in Hiroshima, Japan. That core duo of an acoustic guitarist and a classically trained violinist, respectively, has since relocated to Dallas, Texas.

Locrian Audio was founded in April 2023 by Basile Theodoropoulos, a long-term audiophile, and is a specialized dealer based in Dallas focused in assembling “end-game” audio systems. Locrian Audio presents another view of high-end audio with components not readily available in the US. We gravitate around baffle-less and omnidirectional speakers and electronics with realistic dynamics, natural sound and are built to last.

Our brands include German Physiks and IO Design speakers, Accuphase, EMM Labs, Ypsilon Electronics, Shelter cartridges and Tri-Planar tonearms.

Are you done yet?

My friends we are just getting started! Our first SWAF was a resounding success and we already have the contract locked in with the Anatole for 2025 on March 21-23 that includes many more rooms! We know you had fun and are confident that Dallas and the Southwest Region will support and promote the growth of a quality audiophile/high-end consumer electronics event. Maybe we are thinking too far ahead but our plans are to incorporate more lifestyle products including home theater to bring more families and friends to our event. Please let us know your thoughts and what we can do to help us grow in the future! Thank you again for being part of the Southwest Audio Fest.

We also want to thank all of our volunteers including the regional audio clubs, groups and societies! Thank you also to the generous sponsors who have made the live music and much more possible: Enjoy The Music.com, Qobuz, and Snake River Audio.

Next year we will be back with even more rooms and vendors on March 21-23, 2025 at the same great venue, so be sure to mark your calendars and will see you next year!

Thanks and happy listening,
Lou Hinkley and Gary Gill
