DFW's Ultimate 2-Channel Destination -- (817) 320-3145

Sound is not only heard.
It is felt,
remembered,
absorbed.

At Spiritual Sound, we
believe a cable is a conduit
that connects, artist to
listener, energy to form.

We treat every element with
reverence -
the materials,
the craftsmanship,
the silence between notes.

Our philosophy is simple: **All is sacred. All is spiritual.**

Chips and snacks \$6 each

Sodas and water \$4.00

Energy drinks \$7.00

It's SWAF 2026 time!

Great to see you back for SWAF 2026! We are confident that everyone will rave about the Sheraton Downtown as our new home! Take a walk around the hotel and the surrounding neighborhoods and you will know why we are here. SWAF may not be the largest audiophile show in North America, but we have plenty of space and momentum to expand for years to come. Make sure you visit the amazing suites on each floor and quality large listening rooms filled with tons of high-end gear. Many rooms have cool after-hours events, so keep your eyes open. Plus take time to explore the Arts District and Deep Ellum in downtown Dallas, we are right in the middle of it all. And don't forget to check out the A/V demonstrations and seminars; we are expanding the show to include Home Theater, making SWAF a real lifestyle event.

SWAF is here for the long haul and we are building a Texas-sized show for an amazing music and fun-filled weekend. We thank you for being part of SWAF so be sure to let us know about our move to being a Thursday / Friday / Saturday show! See you in 2027!

Musically Yours,

Gary Gill and Lou Hinkley

THURSDAY 23rd

2:45 pm
State of the Art Audio Processing

Speaker: John Herron - Trinnov

3:30 pm
How Brightness impacts HDR
Speaker:

Rob Brennan - Epson Projectors

4:15 pm
An Overview of Uncompressed Movie and Concert Content
Speaker:

Jason Welsh - Kaleidescape

5:00 pm
State of the Art Video Processing, the Differences Between Processors
Speaker:

Jim Peterson - Lumagen

5:45 pm
Advantages of the Alcons Pro-Ribbon Driver, Surround, Studio, and 2-Channel Applications
Speaker:

Justin Dennis - Alcons Audio

FRIDAY 24th

10:30 am
Audio Science Based Perspective on Principles and Physical Realization of Loudspeaker Design
Speaker:

Jonas Rantila - Perfect8

11:45 am
Room Modeling, Acoustic Treatments, HVAC and Power Management, and Noise and Vibration Isolation
Speaker: Norman Varney - AV RoomService

1:00 pm
Benchmark in Surround Sound and 2-Channel Music Applications, A/V Products in The Works, and Achieving Ultra-Low-Distortion.
Speaker: John Siau - Benchmark

2:15 pm
In this unique session legendary Australian audio designer, John Lenard Burnett, will discuss the origins of amplification design and its implications for the future.
Speaker:

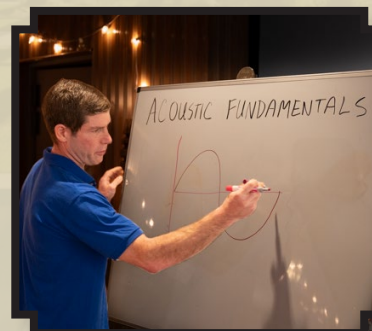

John Burnett - Lenard Audio

FRIDAY 24th cont.

3:30 pm
Speaker engineering, design goals, for 2-channel speakers' journey into the home theater and multichannel listening room.
Speaker: Janis Irbe - Aretai

4:45 pm
An overview of high-performance, low-distortion, low-noise, tube components.
Speaker:

Agris Levins - A-Definition

SATURDAY 25th

10:30 am
Record cleaning tips and discussion
Speaker: Charles Kirmuss - Kirmuss Audio

12:00 pm
Best Options for Room Treatment
Speaker: Jordan Goulette - ASC / TubeTraps

1:30 pm
Legacy Audio's History and Direction in the Future
Speaker: Jay McArdle - Legacy Audio

3:00 pm
Pro Tips for Turntable Setup
Speaker: JR Boisclair - Wally Tools

There are five restaurants in the hotel and dozens more within walking distance.

Check out Main St near the "Giant Eyeball Sculpture". Among the great choices are the Crafty Irishman (great fish-fry) and Uno Mas Tex Mex.

Don't miss Deep Ellum which has been the home of Texas Blues and Jazz for decades and has more dining options that you could wish for.

ABOUT A/V

SWAF is now a Lifestyle event!

Starting this year we are featuring Home Theater and A/V as well as Audiophile vendors. There are no consumer A/V shows in the USA, and it is past time for audiophile shows to include Home Theater.

SWAF and **CAF** are leading the way.

Find Home Theater in the Press Club Room and the 10th floor. Big thanks to DreamScapes A/V for helping to make this happen! Check out some of the Home Theater brands and Seminars.

Our special guest: Keith Yates Design (KYD)

He is one of the foremost authorities in theater design and acoustic modeling. Keith and his world-renowned team have won awards for some of the finest home theaters in existence, including the AVS Award for Home Theater of the Decade. As a key partner, **Keith will be in DreamScapes A/V's demo theaters and 2-channel Rooms at SWAF 2026.**

Come experience every award-winning Aretai speaker model, and audition the only pair of Aretai 350f in the US!

Show your vinyl the LOVE that it deserves!

Restore it...don't just clean it!

KA-RC-1 RECORD GROOVE RESTORATION SYSTEM

SHOW SPECIAL \$1,250

(US model, Reg. \$1,530)

Added \$150 extra accessories, free shipping, no Tax.

Using cavitation and record ionization, guaranteed to remove:

-Remnant cleaning solutions, chemicals and soaps that other cleaners and ultrasonic machines have left behind by air or vacuum drying.

-The film deposited on the record by the outgassing of the record's plasticizer while in the record's sleeve, home to those surface scratches and scuff marks found in vintage and used store sold records.

-The release agent film that surfaces from the pressing process of new vinyl allowing the record to pop out of the stamper which as it cools fuses dirt into the groove, cause of those nasty pops heard.

Take the Kirmuss Challenge

At the Show: Bring us a record that was previously cleaned with any other brand machine.

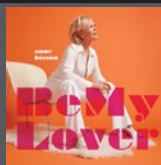

\$100 offered if we cannot restore your previously cleaned or new record.

Guaranteed to remove LAST, Groove Glide, films deposited by all cleaning solutions as well as the residues left on the record by air or vacuum drying, no matter the manufacturer.

The Best analog system accessory!

Bring us a record from home to restore.

CAPITAL AUDIOFEST

NOVEMBER 13-15, 2026

Twinbrook Hilton Hotel
Rockville, MD

WWW.CAPITALAUDIOFEST.COM

In Memory of Alex Sventitsky

Alex Sventitsky was an incredibly talented man. We in the audio world knew him for his company WyWires, but his life was filled with many accomplishments. Alex would like to be remembered for his work. He treated everyone with dignity and kindness and conducted his business with authenticity and honesty, the same way he led his life. He was one of the most intelligent and honest people I have ever met, and though he tried to hide it he had a very kind heart. I fondly remember many evenings of great conversations over two or three or more Martinis. Unsentimental as he was, I know he'd like to be remembered well, and with humor. He would want us to raise a glass to him, and then move on with life. He is finally at peace, and continues to be loved.

Alex leaves behind his wife Nina and many friends.

In Memory of Paul Elliot

Paul Elliot came on to the scene at the 1st Capital Audiofest in 2010. Right off the bat Paul was a super friendly and helpful person to whoever needed it. Paul became an integral and important yearly volunteer at CAF and was well known throughout the local audio scene. Although Paul didn't have any children of his own, he was quick to chime in with valuable fatherly/brotherly advice to anyone who would listen. His advice and opinions were valued because he actually did know a lot about analog and digital technologies, photography (trained professional), woodworking, gardening, sailing, cooking and much more. Paul grew up in the DC area while working at his family's record store and sure did know his music as shown in his extensive record collection. As an audiophile and DIY hobbyist, Paul was not shy about the critique of a brand or its sound/build quality and he was usually right! He was the sort of audiophile who always looked inside each piece of gear and had to "upgrade" it somehow. I will always remember his youthful enthusiasm over a "Beer flavored beer" on many subjects. Paul made many friends and will be sorely missed.

Paul Elliot, 81, leaves behind his wife Amy and her son Harry.

July 22-24, 2027
Dallas, Texas

Thanks for coming to SWAF 2026. In 2027 SWAF will return with more rooms and vendors at the same great venue, so be sure to mark your calendars! Let us know your opinions on our new Thursday - Friday - Saturday hours. Why? Because we listened to you and know it will be great for everyone!

Big thanks to all of our volunteers, especially all of the local and regional audio clubs, groups and societies! Thank you also to our generous sponsors who continue to stand by us including Qobuz who has been with us every year, every show.

We are committed to promoting a quality Lifestyle/audiophile/high-end consumer electronics show that will grow for years to come.

See you next year!

Thanks and happy listening,
Lou Hinkley and Gary Gill
